INTRODUCTION and WELCOME

Welcome to the Presbyterian Weekday Preschool Family. We are privileged and overjoyed to have this opportunity to share this important time in your child's life. We strive to help your children develop into confident, competent human beings in all four growth areas- physical, social, intellectual, and emotional- while in a safe and loving environment. I look forward to continuing our strong tradition of education, community, and faith-based preschool that the Presbyterian Weekday Preschool has always been about.

Please look over our handbook carefully and use it as a reference for our basic policies and procedures. Our number one goal is your child's safety and to make this a wonderful experience for your child and your family. Communication is key. We will keep you updated throughout the year through the Brightwheel app, letters, parent/teacher conferences, emails, and our Facebook page (B-DRPC Presbyterian Weekday Preschool). My door is always open. Please contact me anytime to ask questions, share your thoughts and concerns, or just say hello. I look forward to getting to know you and your families and another exciting year!

Blessings,
Casey Barrow, Director.

Since 1957, Brevard-Davidson River Presbyterian Church has offered care for children in this community through our Preschool Ministry. As that tradition continues, we want you to know that we remain committed to providing a caring, faith-filled climate for each child and family we serve.

We are grateful to have you as partners in our Preschool ministry and warmly welcome you! Your family will remain in our prayers daily, and we pray that this coming year will be special.

In Christ,
the Rev. Keith Thompson
B-DRPC Pastor

WHO WE ARE

History and Standards ~ The present-day Presbyterian Weekday Preschool began 1957 as a kindergarten. At that time, kindergarten was not part of the public school system. The Brevard-Davidson River Presbyterian Church kindergarten was known as Kiddie Kollege and served four- and five-year-old children. When kindergarten was added to the public school system, Kiddie Kollege was dropped, and the Church program became the Presbyterian Weekday Preschool. Over the years, the program has adapted to the community's changing needs and now serves the ages of four months through four years.

Using the guidelines set by the National Association of the Education of Young Children (NAEYC), the Preschool Ministry Team has designed a set of standards that apply to our particular preschool setting and program. These standards provide excellent guidelines and allow us to run a top-quality program. *Philosophy* ~Preschool Mission Statement: The Weekday Preschool is an outreach ministry of the Brevard-Davidson River Presbyterian Church. We are committed to helping children start their journey of independence and education in a loving, child-centered atmosphere. Children learn best when provided with many opportunities for exploration, socialization, and active learning using developmentally appropriate teaching techniques and materials. We seek to support families through open communication and respecting each family's values.

The Presbyterian Weekday Preschool strives to awaken children to God's presence in the world. Sharing the teachings of Christ and other lessons of faith helps us better minister to each other, the community, and the world at large.

All of the above is accomplished through the partnership of the Brevard-Davidson River Presbyterian Church's Preschool Ministry Team, the preschool and church staff, and the members of B-DRPC.

WHAT WE TEACH

Curriculum:

Using developmentally appropriate activities and equipment, the preschool strives to encourage...

- awareness of God and the wonders of creation
- development of social skills
- thinking, reasoning, questioning, and experimenting skills
- creative expression and appreciation for the arts
- language development and number sense
- physical development
- positive self-concept
- awareness of feelings
- respect for cultural diversity
- sound health, safety, and nutritional practices
- Kindergarten readiness through reading, writing and math and science activities for four-year-olds
- sharing of faith and values of Christian life by Church and preschool staff.
- exploration of music

Content:

Our approach is to follow an “emerging curriculum,” meaning that teachers and staff plan projects or units based on the group’s needs and interests. These special activities may last for several days or continue for several weeks.

Parents can learn more about these activities through the class newsletter, Brightwheel app, by asking the child’s teacher or taking note of classroom displays.

Performance Reports

Your child's progress is observed and documented by the teachers and assistants. A developmental profile is kept for each student.

Face-to-face parent/teacher conferences are offered in the Fall and again in the Spring.

Telephone conferences will be held, as requested, by parents or teachers.

How We Operate

Preschool Schedule:

Our school day is from 9:00 a.m. to 12:00 noon, with an Early Morning Program for ALL ages this year. Starting at 8:30 a.m. (see p.8). Our schedule is posted on the next page. However, we will also be closed if the Transylvania County School system is closed for weather days or delays.

Please be aware that there may be a delay in the opening of the Presbyterian Weekday Preschool during flooding, icy road conditions, snow, etc. ANYWHERE in Transylvania County. Pay attention to T.V., radio or social media updates frequently during inclement weather. Preschool closures & delays are posted on WLOS.COM, WLOS TV, and the Brevard Presbyterian Weekday Preschool **Facebook** page. Transylvania County Schools has a hotline that you can call (828-884-4157) or go to WLOS.COM and sign up for text alerts. You may also check your class Brightwheel app for updates about school delays.

In the event of a "two-hour delay" public school day, the preschool will operate from 10:30-12:30, with the Early Morning Program opening at 9:45 a.m.

In the event of a "three-hour delay," the Preschool will be CLOSED.

School Day begins at 9:00 a.m.

DISMISSAL:

School day ends at 12:00 pm – please be prompt!

This is a busy time in our classrooms. Be aware that the staff has assorted duties to complete after the children are gone and may be pressed for time.

Infants, Toddlers, two's, two/three combo, and four's classes

- Parents should park and come to the door that you dropped off at. This will also be your pickup point. Please be aware that the car line at the back entrance is for our three's class.

Threes

- We have curbside pick-up for the three year old class.
- Children will be picked-up at the back door of the preschool after school is dismissed.
- A staff member will place the child in the parent's car, but parents must fasten the car seat or booster seat because of the many types of car seats and the liability involved.
- The pick-up line will be available until 12:10 on regular schedule days or 12:40 on "Two Hour Delay" days. After this time, parents must pick up children inside the preschool office. ***A \$5.00 late pick fee applies after 12:10 p.m.***
- **All children must be secured in an age-appropriate car or booster seat.**

Security: *Your child must be signed into the class each day.*

Notify the teacher if someone different is going to pick up your child. Identification will be requested if that person is unknown to us.

Early Morning Program

This will be available for ALL ages this year.

- Service is available from 8:30 a.m. – 8:55 a.m. each morning with a fee of \$5.00 per day use.
- Fees are billed every month.

Special Refreshments:

Seasonal parties will be held at special times during the year. Parents will be contacted to help provide simple, nutritious refreshments or other party supplies.

Birthdays:

This is a special time in your child's life, and we like to make it a special day at school. Please contact your child's teacher if you would like to furnish refreshments or do a **special activity**. Please keep birthday snacks healthy, too. All snacks must arrive in the original store container.

No party favors, please - including balloons, treat bags, party hats, etc. Invitations to birthday parties may be handed out at preschool only if the entire class is invited.

Toys:

Please keep all personal toys at home except at designated times to be shared with others. Guns, knives, or fighting action toys are not allowed at Preschool.

Discipline:

Positive reinforcement, re-directing attention, and encouraging sensitivity towards others are used for discipline. A “stop and think” for the child to calm down or “regroup” may also be used. Children will never be physically punished, isolated, or have snacks withheld.

Recurring problems will be addressed with the parents and open communication about concerns will be encouraged. If problems persist, a Child Study Team will be formed to observe the child. Recommendations will be made to the parents concerning the best course of action for the child. Every effort will be made to reach a consensus between the parents, the teacher, and the director. However, if an acceptable resolution cannot be reached, the preschool may ask a child to withdraw from the program. We will not tolerate bullying or aggressive behavior. If your child intentionally injures another student or staff member, we will devise a behavior plan. If this plan is ineffective, we will suggest resources for occupational and behavioral therapies if the family is willing. If the parent is unwilling to work with these therapists, then the child cannot remain in our program; All children deserve to feel safe in our program.

Developmental Concerns:

Preschool Resources, a division of Transylvania County schools, offers FREE screening to all three and four-year-old children in Transylvania County in speech, language, hearing, motor, and developmental readiness. Please contact the preschool director if you are interested in this service.

Sick Child Policy

- Children are expected to remain at home if they have a fever or any contagious illness. **Children with fever, vomiting, or diarrhea must be free of these symptoms WITHOUT using a fever-reducing medication for 24 hours before returning to the Presbyterian Weekday Preschool.**
- If a child is sent home with a fever or diarrhea, they **cannot** return the next day.
- Children should not be in attendance if they cannot take part in all activities - including daily outside play.

Communicable Disease

Communicable disease control is an integral part of our health practices. We follow current public health practices, rules, and regulations governing controlling and preventing infectious diseases that the state and county health departments set up. We ask that you follow the directions listed in the following table when returning your child to school after an illness.

Health and Safety

All staff are required to meet health standards, including pre-employment tuberculin tests. Training in CPR and first-aid is required for all staff. Sanitary procedures are practiced throughout preschool, especially during snack time, diapering, and toileting. Emergency drills are practiced monthly.

No medications are given during program hours.

Our staff treats minor cuts and scrapes by washing with soap and water and, if needed, applying a band-aid. If a parent or guardian wishes for us to treat it differently, please notify us in writing. Please apply sunscreen and insect repellent before preschool at your discretion.

Immunization records and a physical examination are required before enrollment in the program.

Safety:

The safety of your children is of the utmost importance to us all. These are just some of the procedures we use to ensure their safety.

- Thorough background checks on Staff AND volunteers
- Doors are locked from 9:15 AM to 11:50 AM.
- No pictures of the children will be used on the internet without signed parental permission.

Drills

- Fire Drills
- Lock Down Drills
- Storm Drills
- Emergency Preparedness and Response Plan

Safe Sleep/SIDS Policy

Preschool has adopted the following Safe Sleep Policy: All infants will be placed to sleep on their backs UNLESS a waiver is submitted by a doctor permitting another sleep position. Following the American Academy of Pediatrics, once a child can easily roll over from the back to the stomach, they may adopt whatever position is preferred.

No pillows or toys will be allowed in cribs while a child sleeps. The temperature in the room will not exceed 75 degrees F. and sleeping children will be checked at least once every ten minutes.

Biting Statement

Biting is normal behavior for many older infants and toddlers and is usually replaced with words to describe feelings and needs by three years of age. Children may bite because they are hungry, frustrated, aggressive, or to protect themselves. If a child bites another child hard enough to puncture the skin, we will notify both parents and request that the parent call their child's physician for further instructions. The names of both children will be kept confidential.

Child Abuse Policy

If child abuse or neglect is suspected, the staff must report the case to Social Services by law. This policy is posted on program bulletin boards. We will also discuss concerns with the particular child's parent.

Additionally, if a parent or approved adult comes to the preschool to pick up a student and that person appears to be impaired and unable to transport the child safely, the staff will first talk to the person and try to dissuade them from driving. The authorities will be notified if the staff cannot stop the person from driving.

The law requires all children of preschool age to be restrained in a car seat or booster seat, depending on the child's size. If the preschool staff notices a child riding in a car unrestrained, we will talk to the person driving the vehicle. If the child remains unrestrained, the authorities will be notified. Also, please note there are laws against smoking while your child is in the car.

The members of this church are committed to the safety, welfare, and protection of all the children participating in programs at our church. No child shall be subjected to the preventable risk of any form of abuse or harassment by members, employees, or volunteers. Therefore, no person is recommended for the Session as an employee or volunteer until a thorough screening has been completed. Also, the Preschool follows Church policy in assigning no less than two adults to supervise or lead activities involving children.

WE WANT YOU!!

To provide our children with the best quality preschool experience for our children, we encourage all parents to share their talents and energies. It is most desirable when a core parent group assists the Director in organizing events and communicating needs to all interested families. Please contact the director if you would like to serve in this group. We would like to have at least one parent from each class to be a classroom parent to help facilitate special happenings for the school and within the classroom.

Parents are welcome, at all times, at the Presbyterian Weekday Preschool!

The ideas on the following page represent ways to be a part of your child's preschool experience without committing to a set schedule.

If you would enjoy volunteering in a class regularly, we welcome your willingness to schedule one or more days a month with us. This is a great way to know what a day in preschool is like for your child.

We have the school year of activities planned out and ask that you please sign up with the Director to help with these activities.
